Application Process

- Eligible students are required to submit their applications [here](#) by September 22,2021 5pm IST
- Application must include detailed resume along with the mandatory details
- Transcripts of all semesters

Selection Criteria

- All applications received will be shortlisted based on the resume
- Shortlisted students will be required to complete a Hackerrank Test conducted online
- The test will be to assess the aptitude and behavioral skills of the student only. (This is NOT competitive programming or financial acumen test so we encourage all eligible students to apply for the program)
- Selected students will receive the date, time, instructions and URL for the test on their email
- Students shortlisted after Hackerrank test will be notified for final interviews
- Quadeye's decision will be final in all the matters of selections
